ADDENDUM #8

RFP-2021-DBH-12-RESID

Residential Treatment Services for Children's Behavioral Health

On December 11, 2021, the New Hampshire Department of Health and Human Services published a Request for Proposals, soliciting proposals to establish a Residential Treatment Services system of vendors that will provide high-quality behavioral health treatments services in Residential Treatment Settings. The Residential Treatment settings will accommodate referrals from all over State with the goal of quickly stabilizing behaviors and treating symptoms of children and youth with behavioral health needs to enable them to return to a lower level of treatment or family-based settings.

The Department is publishing this addendum to:

1. Modify Section 7.2.5 New Hampshire Certificate of Good Standing to read:

7.2.5 New Hampshire Certificate of Good Standing

The Department requires, as applicable, every Vendor to acquire a New Hampshire Certificate of Good Standing at the time of contract in accordance with RSA 5:18a, which exempts out of state nonprofits. However, out of state vendors will need to provide evidence of good standing in their state.

2. Modify Section 7.4.1.5 to read:

7.4.1.5 Estimated Costs for Flex Funding, ***only if requesting these funds.***

3. Add Section 7.5 Appendix B, Contract Monitoring Provisions to read

7.5.1 For question #4, if vendor has not contracted with the State but has provided services through another process, like certification, then select yes and explain.

4. Delete and replace Appendix D – Technical Proposal Response Template with 3/3/2021 version.

The new version adds space for typed responses to the right of the box "Location (s) of Program." See the Document Library for the 3/3/2021 version of Appendix D found on this RFP's web page at: <https://www.dhhs.nh.gov/business/rfp/rfp-2021-dbh-12-resid.htm>
